

2019

IMPACT REPORT

Since OHAAT started the Beds for Kids program in 2001, we've been building capacity and reaching more and more families each year. In 2019 we served 1,524 individuals—302 more than we served in 2018! Thank you for making this possible! We couldn't have done it without your support.

While we're proud of our accomplishments, there's still much to be done. We estimate that the need for beds among children and youth in Greater Philadelphia is 6,000 per year. For every child or youth we serve, there are still 5 who are sleeping on the floor, on sofas, or crowded into bed with several family members.

Our goal is to end child bedlessness in Greater Philadelphia. It's an ambitious goal, but it's not impossible. With your help, we can ensure that every child has a warm, comfortable place to sleep at night and the chance to wake up in good physical and mental health.
